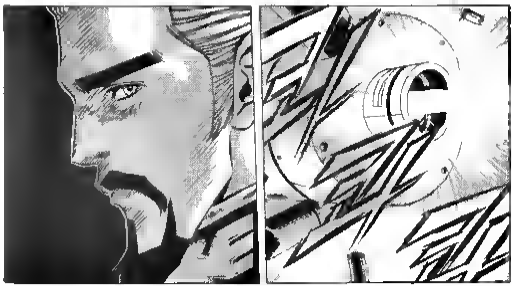
There s a reason why Monte na school has its fame Excuse me ?



Grrr ...!

Wanck !
They will only compete their skills period No life shall be lost
It's a tradition

Hey we've got one!!

You came all the way here to compete Monteina with such a skill ?
let go
Get him off !
Take off his clothes and let's throw him to the sea !
Swim until you reach Chan !
Let go of me !
Hahaha !

The quality of graduators in this year
seems to be above average

Oh man!
They came all the way here for that?
Look at that, haha!

Help me!

Damn it!
I was humiliated in front of the supervisor!

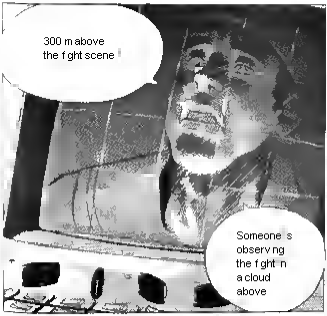
There is a plane at a different attitude
What?



300 m above the fight scene!
Someone is observing the fight in a cloud above

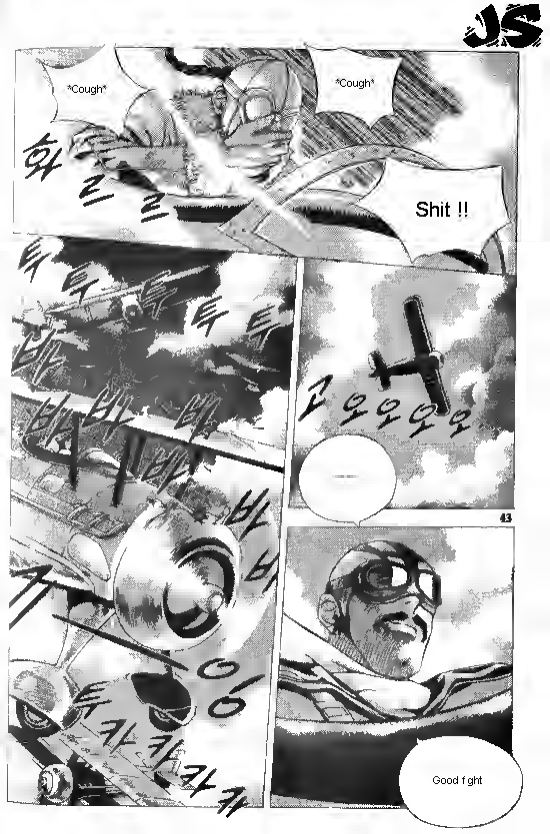
Wouldn't that be the instructor Genzo ?
He is 300 m above the instructor Genzo !



Cough

The nstructor Genzo s a great p lot but the opponent doesn't appear to be easy one either

Who s the p lot ?

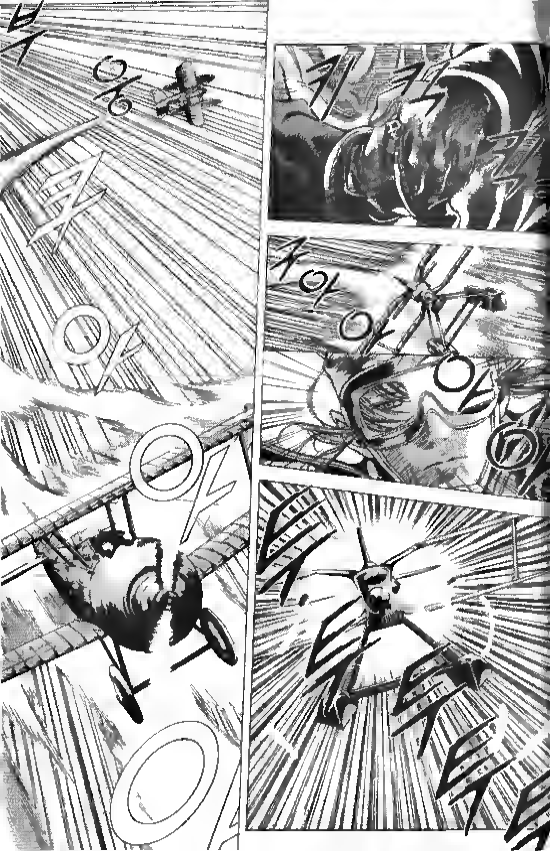
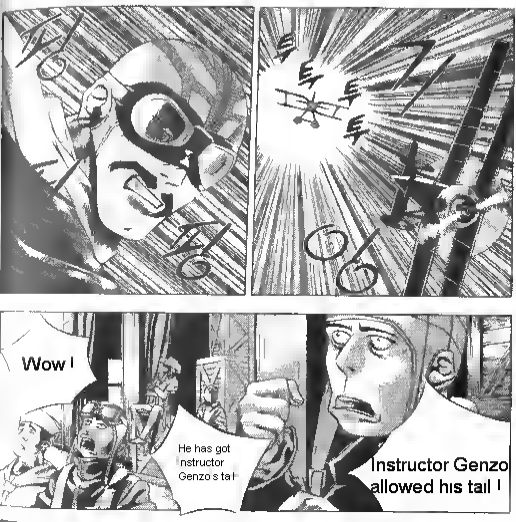
Kaisar !





Wow !
He has got Instructor Genzo's tail
Instructor Genzo allowed his tail !

Genzo can't be that foolish.

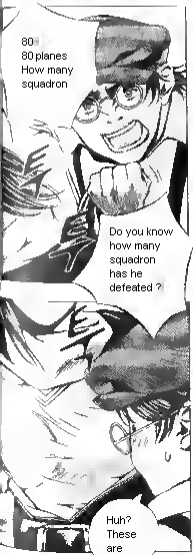
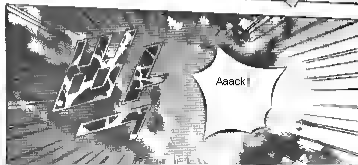
Do you know how many planes has he shot down ?



80 ?
80 planes
How many squadron
Do you know how many squadron has he defeated ?
Huh? These are

Who asked you kid !

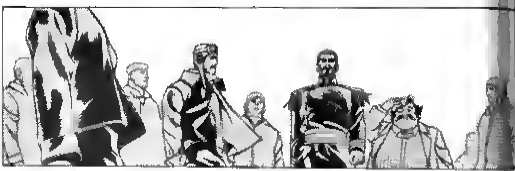


Aaack !

I believe there are other guests besides me
Um

"Pant"
Please wait !
General Guntur,
I don't think this is
a good time to
confront Kaisar .

Guntur was the guest who came here to scout the mercenaries?



This is going to be troublesome

Kaisar and Guntur have met on ground!

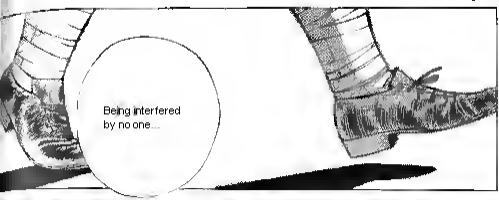
I guess this is not a good place to say, "Nice to meet you."
The only occas on I mag ned to meet you on ground was when you s gn an nstrument of surrender
Are you here to ra se a war n a neutral country?

I am mere here to v sit Monte na
If quests from Ksantra may only v sit. Monte na would no longer be a neutral country
Don't you th nk so Dean ?
Yes of course
Among graduators every year
About 90% of students apply to work for Ksantra
That s not a very pleas ng news for us

The students choose which side they go on their free will...
that s
Do you call it" Free will" when you off c ally nvite guests from Ksantra ?
You sure have harsh mouth

!!

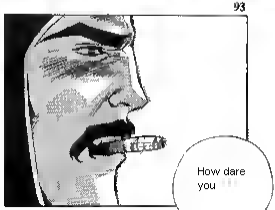
Th s country was a neutral even before I was born
And it will remain as so in the future



Being interfered by no one...

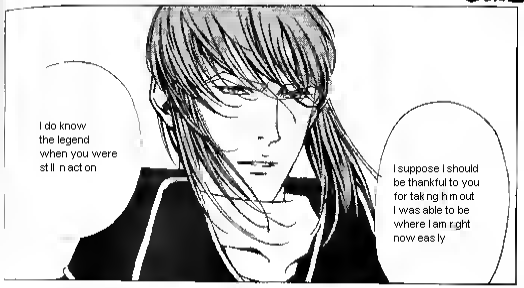
That is a neutral country
Ahhh, No...nstructure Genzo

Isn't it because the country s too small and weak to take a s de?



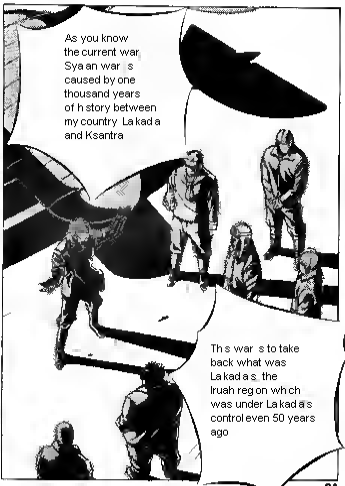
How dare you !!

He does not seem to get d ff dent to be here where it s bas cally a host le zone for h m
No wonder he has become the leader of La kad a assault squadron at an age of 20s
Do you know who shot down the previous squadron leader, David ?
!!



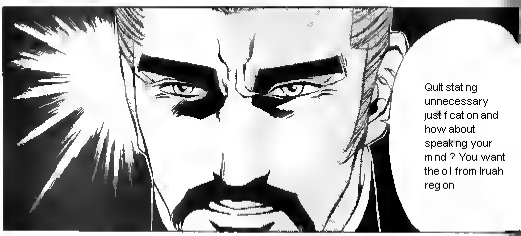
I do know the legend when you were still in action
I suppose I should be thankful to you for taking him out I was able to be where I am right now easily

He has guts

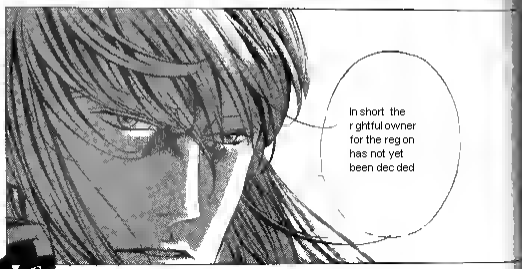


As you know the current war, Syaan war is caused by one thousand years of history between my country Lakadia and Ksantra
This war is to take back what was Lakadias, the Iruah region which was under Lakadias control even 50 years ago

It may have been Lakadas 50 years ago
It was Ksantras 200 years ago



Quit stating unnecessary justification and how about speaking your mind? You want the oil from Iruah region



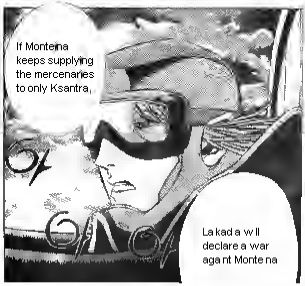
In short the rightful owner for the region has not yet been decided

Those who apply to f ght for La kad a
You w ll be pa d tw ce much as what you would be pa d by Ksantra

!!
Do not dare to agitate the people of Monte na

If the people of Monte na let me d e here, Monte na w ll also be
an emery of La kad a
!!
I am terribly sorry, but we do not
want to be an enemy of anyone

How sentimental.
You
If you have the guts to take me out..let s meet n the sky rather than here n Monte na



If Montejna keeps supplying the mercenaries to only Ksantra,
La kada w ll declare a war agant Monte na

What a tough guy He is my type

That s absurd !

I can feel it even without confronting him in the sky
He will defeat even more of his enemies more

How rude !

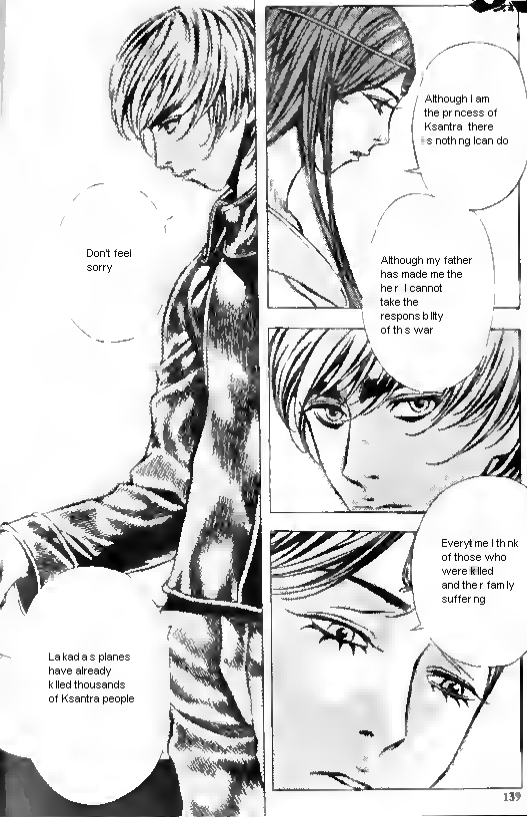
I apologize for the event caused by Guntur

It's not your fault

Are you going to be a pilot ?
Yes. one day.

Ah, I know of that plane.
It s YW 2005 r ght? They are n use by Ksantra
My father told me it was a good plane.
Sometime ago, this plane attacked a Laikadia outpost and killed 100 people
Ah ...



Although I am the princess of Ksantra there is nothing I can do
Although my father has made me the heir I cannot take the responsibility of this war
Everytime I think of those who were killed and their family suffering
Don't feel sorry
Lakadas planes have already killed thousands of Ksantra people

Once I return to the kingdom I have no one else to speak to
I am sounding stupid right? I am saying this to someone I've met for the first time
I told you a moment ago ...
It's not your fault

The only fault is that you were born in such an era.
Yeah ...
I wanted to hear that, that it was not my fault ...
I've wanting someone to say that to me

I thank you

I feel as if I've known him for a long time
